3 PROBLEMS - 1 CAMPAIGN - ₹3.5 CAC

60% off gets them to order. ₹10 credit gets them to share.
One mechanic solves frequency, upsell, and retention.

FREQUENCY
Students don't order enough. 60% off on exam night = zero resistance to first order.

GOLD UPSELL
Post-order Gold trial prompt — student already has app open, already ordered, conversion is highest here.

RETENTION
₹10 credit share brings friend in. Exam notification brings original user back next exam night.

₹10 CREDIT ONLY ON SHARE — ZERO ABUSE
Small, meaningful nudge to activate network without over-discounting.

zomato

ALL NIGHTER LEADERBOARD
